

SYNTHETIC TEST POLICY — NOT A REAL INSURANCE CONTRACT

HDFC ERGO General Insurance — Example Test Plan

This document is synthetic test data created only for Medi Gaurd AI testing. It is not a real insurance contract and must not be used to determine actual coverage.

Policy number: POL-HDFC-ERGO-SYN-2026-001

Member reference: MRN-1039485

Member name: Amit Singh

Insurer: HDFC ERGO General Insurance

Currency: USD

Effective date: 2026-01-01

Expiry date: 2026-12-31

1. Coverage and financial terms

Annual limit: USD 50,000 per policy year

Deductible: USD 100 per claim

Copayment: 10 percent after deductible

Room limit: USD 500 per day

Emergency room coverage: Covered when medically necessary and documented

Diagnostic tests coverage: Covered when ordered for a covered condition

Pharmacy and medicines coverage: Covered when prescribed for a covered condition

2. Waiting period and authorization controls

Waiting period: 12 months for pre-existing conditions

Pre-authorization: Required for planned admissions and procedures above USD 1,000

Emergency authorization: Emergency room treatment may proceed without prior authorization when emergency documentation is present

3. Network and exclusions

Network restriction: In-network providers receive the stated benefits; confirmed out-of-network services are not covered

Exclusions: Cosmetic treatment, experimental treatment, and services unrelated to the documented diagnosis are excluded

4. Evidence and adjudication rules

The patient amount due on a provider statement is not automatically the insurance-covered amount. The verifier must use billed line items, policy terms, deductible, copayment, limits, adjustments, and authoritative evidence. Suspected duplicate charges are not automatically removed. Multiple bills require explicit reviewer confirmation before aggregation.

Synthetic fixture note: This policy is intentionally matched to the uploaded Lilavati Hospital-style bill. The bill shows total billed charges of USD 1,508.00, an insurance adjustment of USD 1,309.00, and patient amount due of USD 199.00.
